

Local Initiatives Support Corporation
Programmer Analyst
Position Description

Local Initiatives Support Corporation (LISC) has a position for a Programmer Analyst in the Information Technology (IT) department. The position will be based in LISC's New York City office and report to the Application Development Manager.

ABOUT LISC

LISC is a national non-profit intermediary that provides financial and technical assistance to community-based organizations and public entities focused on the redevelopment of urban neighborhoods and rural communities. The organization works in metropolitan areas and rural communities throughout the nation to assist its various partners in the development of affordable multi-family and senior housing, homeownership opportunities, commercial enterprises, community facilities and various community-building programs.

Overall Responsibility

- To analyze and modify application system software, including coding, testing, debugging and installation
- To support and help integrate LISC's web applications and client/server applications

Job Requirements

The successful candidate will have a proven track record, and will be highly motivated, highly skilled, quality minded, and detail oriented. S/he will be an effective communicator who can interact equally well with technically-oriented and non-technical staff. In addition s/he will possess the following qualifications:

Job Qualifications

- 3+ years experience with ASP.NET (using VB.NET or C#)
- 1+ years experience with Visual Basic 6.0
- 3+ years experience with MS SQL Server/T-SQL
- Strong knowledge and experience with object oriented programming
- Strong knowledge and experience with web application and client/server concepts and design
- Strong knowledge and experience with software development lifecycle
- Strong competencies in problem analysis and resolution
- Superior communication and teamwork skills
- Proven ability to lead and implement continuous system improvement
- Knowledge of accounting a plus
- Appreciation for the community development mission that LISC seeks to fulfill through its work with community development corporations
- Strong interpersonal skills; a team player
- Proactive and flexible work habits

Skill Sets

- VB.NET and/or C#, ASP.NET, VB 6, JavaScript, IIS 6,SQL Server 2000, SQL Server 2005 , Crystal Report
- Infragistics web components (a plus)
- Knowledge of accounting a plus
- Bachelor's or graduate degree or equivalent in computer science

REPORTING

The Programmer Analyst reports to the Application Development Manager. This person will also work closely with the Application Development staff and other staff.

ELIGIBILITY

LISC engages employees without regard to race, color, religion, creed, age, gender, marital status, or sexual orientation. All who believe they meet the stated qualifications are invited to apply.

COMPENSATION
