Treasury - <http://www.ustreas.gov/recovery/>

**We encourage all interested and eligible applicants to register now to apply for funding.** Potential applicants need to obtain a [DUNS number \(Data Universal Numbering System\)](#) and must register with the [Central Contractor Registration \(CCR\) registrant database](#). A DUNS number is a unique number that identifies an organization and helps track the distribution of grant money. The CCR is a central repository of organizations working with the federal government. Both of these can be completed via [www.grants.gov](http://www.grants.gov).

Additionally, most agency websites have an email alert function or RSS feed. We encourage you to sign up to receive alerts when they post application information on their sites.
