

Rural LISC

We believe in rural America

Mission

Rural LISC believes in rural America. We are committed to providing support for our communities, making them good places to live, work, do business and raise children. We believe that nonprofit community organizations play an essential role in achieving this mission. Rural LISC is dedicated to building the capacity of these groups and increasing their production, by generating resources and investing in their work.

Program

Established in April 1995, Rural LISC currently serves 87 partner organizations working to transform rural communities in 44 states.

More Resources at Work

- ◆ Rural LISC partner organizations leverage LISC support to enable new capacity building resources, resulting to date in nearly \$160 million in matching funds raised by CDCs through more than 2,075 separate sponsorships.
- ◆ A groundbreaking public/private child care partnership was established involving seven partner organizations developing nine child care facilities.

Sources: Individual donors and more than 100 private and public Supporters plus LISC, including LISC affiliated National Equity Fund and New Markets Support Company.

Technical Assistance & Training

The most important aspect of the Rural LISC program is the technical assistance we provide for our Partner CDCs. Rural LISC has supported some 92 CDCs since 1995. We have convened 27 national training seminars for Partner CDCs, while also offering six Asset Management trainings for Partner and other rural CDCs. In addition, 24 regional workshops have been held that have assisted nearly 1,850 participants from rural CDCs, private funders, lenders, and government. We have also arranged 28 regional Home Loan Partnership trainings on affordable home ownership for rural CDCs and USDA officials, with an average attendance of 100 participants at each training.
