

# Evaluation Workshop Pre-Test

### **Measure your progress from the start.**

As practitioners we're often focused on the day-to-day work of creative placemaking—building relationships, realizing creative projects, and making plans for the next one. By incorporating evaluation from the beginning, we come to the table prepared to answer funding partners' questions about the goals we hope to reach together. Whether you're new to the world of evaluation or a veteran brushing up before your next project, we hope this workshop helps you redefine success and better tell your story. Use these pre- and post-assessments to evaluate your own progress and tell us how we did!

How confident are you that you could answer a skeptical funders' question now, at the beginning of the workshop?

- Very confident
- Confident
- Not very confident
- Not at all confident

**If we support your creative placemaking project, how will you know if you're successful?**
