*We believe in
rural America*

Mission

Rural LISC believes in rural America. We are committed to providing support for our communities, making them good places to live, work, do business and raise children. We believe that nonprofit community organizations play an essential role in achieving this mission. Rural LISC is dedicated to building the capacity of these groups and increasing their production, by generating resources and investing in their work.

Program

Established in April 1995, Rural LISC currently serves 77 partner organizations working to transform rural communities in 44 states.

Where We Work

Rural LISC's total service area is shown in green (2,013 counties).

Resources at Work!

- ◆ As of June 30, 2017, Rural LISC has mobilized \$260 million in grants and loans, with an additional \$932 million in equity and bridge financing.
- ◆ Close to \$2.8 billion has been leveraged in financing for some 585 Rural LISC supported developments, bringing total new investments to nearly \$3.94 billion dollars.
- ◆ \$1.14 billion has been committed in and through Partner CDCs, including \$36.5 million in capacity building grants, \$11.8 million in project and venture related grants and recoverable grants, \$160 million in low cost loans and loan guarantees, plus \$932 million invested by LISC affiliates.

More Resources at Work

- ◆ Rural LISC Partner CDCs leverage LISC support to enable new capacity building resources, resulting to date in more than \$138 million in matching funds raised by CDCs through 1,800 separate sponsorships.
- ◆ A groundbreaking public/private child care partnership was established involving seven CDCs developing nine child care facilities.

Technical Assistance & Training

The most important aspect of the Rural LISC program is the technical assistance we provide for our Partner CDCs. Rural LISC has supported some 92 CDCs since 1995. We have convened 25 national training seminars for Partner CDCs, while also offering six Asset Management trainings for Partner and other rural CDCs. In addition, 24 regional workshops have been held that have assisted nearly 1,850 participants from rural CDCs, private funders, lenders, and government. We have also arranged 28 regional Home Loan Partnership trainings on affordable home ownership for rural CDCs and USDA officials, with an average attendance of 100 participants at each training.
