

## Rural LISC Healthy Housing Initiative 2024 Grantee Summary

Organization	Location	Healthy Housing Proposal Summary
Kentucky Highlands	London, KY	Build ten single-family, energy efficient, homeownership units to Energy Star standards, located in areas underserved by other affordable housing providers.
Human Resources Development Council of District IX	Bozeman, MT	Support the development of over 40 homes, with a mix of affordable rentals and Community Land Trust ownership opportunities.
HOPE Inc.	Wytheville, VA	Organize community meetings to address homelessness and housing. Develop three green certified multi-family developments focused on low-income and critical need populations.
GROW South Dakota	Sisseton, SD	Increase capacity to complete 125 home improvement projects, provide education to 30 individuals, and construct two homes in the coming year.
Greater Greenville	Greenville, MS	Develop three low-income residential units within the Central Business District, using energy efficient materials and appliances.
LIFE	Lufkin, TX	Support the construction of a single-family home and a registered apprenticeship program for carpenters who will assist in the construction of this home.
Lakes Region Community Developers	Laconia, NH	Ensure safe and healthy housing standards for 39 historic and affordable multi-family buildings by improving energy efficiency and obtaining lead safe certifications.
Mississippi County Arkansas Economic Opportunity Commission	Blytheville, AR	Provide housing counseling services for low- to moderate (LMI) income residents focused on financial literacy and access to affordable housing and homeownership.
Mercy Housing	Gulfport, MS	Connect families to healthy housing opportunities and offer disaster preparation and recovery assistance through the Safe Kids Gulf Coast Initiatives.
Central MS Housing & Development Corp.	Canton, MS	Provide educational workshops, training, and assistance to LMI families regarding healthy housing best practices and smoke-free living.
Catholic Charities Housing Services	Yakima, WA	Coordinate on-site support and referral services, health and resource fairs, health screenings, and classes for low-income families at 11 multi-family housing sites.
Adams Brown Counties Economic Opportunities Inc. (ABCAP)	Georgetown, OH	Assist LMI homeowners in improving the indoor air quality and energy efficiency of their homes.
Great Lakes Community Action Partnership	Fremont, OH	Support the Senior Helping Hands program, which assists seniors with home repairs and services related to improving health and safety conditions and fostering independent living.

Coachella Valley Housing Coalition	Indio, CA	Implement a Health + Housing Model to engage healthcare institutions in partnerships to improve health among low-income households in rural and desert areas.
Community Housing Improvement Program	Chico, CA	Create an Emergency Preparedness Plan program for ten low-income rural rental communities, educating participants in disaster preparedness and providing application assistance.
Community Development Corp. of South Berkshire	Great Barrington, MA	Support the development of 49 units of healthy and affordable housing with an emphasis on access to green space and community gardens.
CAP Services	Stevens Point, WI	Support staff in rehabbing and selling two single-family homes for LMI families, as well as deploying housing counseling, Healthy Housing Training, and home maintenance education.
Cabrillo Economic Development Corporation	Ventura, CA	Modernize and upgrade unsafe and inadequate domestic and fire hydrant water systems at a 100-unit nonprofit cooperatively owned apartment complex.
Boys, Girls, Adults Community Development Center	Marvell, AR	Support a part-time Healthy Home Coordinator position targeting low-income single women and expand healthy housing work outside of Marvell, AR.
Washington County Work Ready Association	Greenville, MS	Implement a green housing program which provides upgrades to lighting, heating, and cooling units for renters under Section 8 Tenant Housing.
Self-Help Enterprises	Visalia, CA	Support the Housing Rehabilitation Program in providing resources that address health and safety improvements and assisting with energy efficient and climate resilient upgrades.
OPAL Community Land Trust	Eastsound, WA	Construct 20 new rental residences for households below 50% AMI, with a focus on providing permanent supportive housing for formerly homeless individuals.
NeighborWorks Umpqua	Roseburg, OR	Preserve and improve climate resilience of 31 units of affordable housing by installing ductless heat pumps.
South East Alabama Self-Help Association	Tuskegee, AL	Replace outdated and inefficient A/C systems in 5 units of a 24-unit affordable rental property recently converted to a RAD property.
North Florida Educational Development Corp,	Gretna, FL	Assess housing conditions to renovate a historic warehouse into a mixed-use, energy efficient multi-family building.
Prairieland Community Development	Havana, IL	Complete a Physical Needs Assessment to apply for HUD's Green and Resilient Retrofit Program, ultimately supporting the rehabilitation of 94 affordable housing units.
Tunica County Community Development Coalition	Tunica, MS	Support the development of 12 single-family homes, following healthy housing principles, using the Mutual Self-Help Housing program.
North East Community Action Corporation (NECAC)	Bowling Green, MO	Ensure that homes meet NECAC's Steps to a Healthier Home benchmark through home assessments, household education, and physical improvements to home.
Fayette County Community Action Agency	Uniontown, PA	Implement programming focused on mental health, access to services, and improved tenancy for formerly homeless individuals.
