Mission
Rural LISC believes in rural America. We are committed to providing support for our communities, making them good places to live, work, do business and raise children. We believe that nonprofit community organizations play an essential role in achieving this mission. Rural LISC is dedicated to building the capacity of these groups and increasing their production, by generating resources and investing in their work.

In addition, 24 regional workshops have been held that have assisted nearly 1,850 participants from rural CDCs, private funders, lenders, and government.
