Place Matters
2022 Highlights

Place Matters is an initiative focused in communities with great opportunities and assets. Professionally staffed lead organizations bring together partners and resources to creatively respond to community priorities and to improve the quality of life in communities in a holistic and comprehensive way. Place Matters lead organizations share information, they convene community members, and they rally resources and partners to solve problems. The networks and social connections supported through Place Matters have proven more important than ever as communities recover from the pandemic crisis. Especially during times of economic hardship and uncertainty, these connections and the support they provide for individuals and families is what will help people deal with the crisis and its impacts. The following summary highlights key Place Matters activities in 2022:

**Housing:** build and partner to create new low-income and workforce housing / stabilize and improve existing affordable housing / assist current homeowners with home repairs / create new affordable homeownership opportunities / connect residents with affordable housing resources, including rental assistance to keep tenants in their homes, help with relocation when needed, and financial coaching for future homeowners / host free home repair and maintenance skills-building workshops

**Small businesses and business districts:** develop and stabilize commercial properties / provide funding for business facade grants / bring new businesses to business districts, advance large scale mixed-use development projects (predevelopment, financing, demolition, construction) / inventory existing business and commercial opportunities / connect businesses with resources to grow / activate shared community spaces

**Resident leadership and capacity building:** support art projects led by artists of color / host community events and opportunities for engagement that are fun and provide opportunities for social connection / build social networks / support emerging community leaders / support the capacity of resident-led community organizations

**Education and youth:** provide leadership and music training opportunities for youth development / build social and emotional skills for at-risk youth to prevent interpersonal violence / provide residents with coaching and other tools to secure employment and improve financial well-being / improve immigrant language skills

**Health and safety:** expand trauma-informed resident ambassador model to provide education and safety interventions / coordinate partners to address food insecurity and safety / lead health and wellness outreach efforts and activities / provide bi-lingual health navigation / create resident-informed food access and community garden programming / complete park and green infrastructure projects / organize community cleanups
Place Matters lead organizations advance community priorities in the following areas: housing, business districts and small businesses, financial stability and economic opportunity, resident leadership and capacity building, education, and health. Maintaining relationships with volunteers, community members, and partners is critical to effective community change.

7,430 volunteers
199 new partners
8,220 relationships

Population decreased 9% between 2000 and 2020 in Place Matters communities.

*Includes all residential home sales.

$14+ million in direct leverage
Direct leverage includes grants and awards, in-kind support/donations, and fundraising to leads and to other collaborators that are working to support Place Matters work plans.

$133+ million in outside leverage
Outside total project leverage includes major residential, commercial, transportation/infrastructure, and education capital investment (public and private).

Volunteers, community members, and partners expand the reach of Place Matters lead organizations and increase their impact.
The following goals and strategies are priorities for LISC, Place Matters, and its partners. These actions are needed to **Respond** to the current economic, health, and housing crisis and to begin the path to **Recovery** and **Reimagining**.

### Housing Strategic Priorities

- Increase support to mission-driven, community-based organizations like the Place Matters lead organizations to produce, preserve, protect, and improve affordable housing units.
- Identify new funding sources and funding mechanisms to support implementation of housing strategies, including alternative ownership models like community shareholding.
- Create targeted strategies to maintain the affordability of “naturally occurring affordable housing” (NOAH).
- Advocate for inclusion of affordable preservation, protection, and production.

### Economy Strategic Priorities

- Facilitate access to opportunity for residents facing systemic barriers to participating in the economy.
- Use financial coaching and employment coaching to support increased financial stability of individuals and families, and to support the expansion of small businesses.
- Improve access to capital and technical assistance for small businesses and entrepreneurs.
- Support the equitable redevelopment of business districts by connecting local minority and women owned businesses with available commercial space.

### Emergency Response Priorities

- Continue to develop strategies to expand training and access to technology and internet services to bridge the digital divide for both residents and staff.
- Work with partners to regularly assess community needs, identify gaps, and make connections between residents and emergency food, rent, and utility assistance, and any another other emergency needs.
- Connect community members with information for masking, social distancing, and COVID-19 testing and vaccines.

### Engagement Strategic Priorities

- Remove barriers to community members getting involved - both for virtual and in-person platforms.
- Provide training and capacity building opportunities to lead organizations (staff and board) and support resident leadership and empowerment.
- Assess community engagement initiatives to identify who is not being reached - identify strategies to reach them.
- Invest in community and neighborhood assets that promote social determinants of health, including digital access, childcare, education, arts, facilities and green/resilient development.
