Dear Chair Murray, Ranking Member Collins, Chair Latham, and Ranking Member Pastor:

The organizations below -- a list that includes **540** state and local community development and housing organizations -- urge you to level fund at \$35 million the Department of Housing and Urban Development (HUD) Section 4 Capacity Building and Affordable Housing Program under the FY 2015 Transportation, Housing and Urban Development, and Related Agencies Appropriations bill.

Section 4 ensures that community-based organizations throughout the nation's lower income communities, both urban and rural, have adequate community development resources to create and sustain jobs, increase housing production, and preserve the vitality and affordability of housing developments nationwide. It is the sole HUD program specifically designed for non-profit capacity building and is an important, unique and efficient program that leverages significant private capital using minimal federal dollars.

Since Congress authorized the program in 1993, Section 4 funding has benefited more than 2,000 urban and rural communities in all 50 states and the District of Columbia. By providing high performing community development corporations and community-based non-profits with the capacity to both leverage and manage public and private financing, Section 4 helps to create safe, affordable homes for low and moderate income families in communities that are safe, and are good places to live, work and raise healthy children. From 2003 to 2012, Section 4 created or preserved over 89,000 homes and attracted over \$14.5 billion in investment for lower-income neighborhoods and communities across the country.

Each undersigned organization recognizes the value of the Section 4 program, which creates jobs, supports small businesses, builds housing and strengthens communities. **We urge you to ensure that Section 4 is fully funded at \$35 million in the FY 2015 Transportation, Housing and Urban Development, and Related Agencies Appropriations bill.**
