## MINORITY-OWNED BUSINESS DIRECTORY

The Small Business Facade and Property Improvement Grant Program is a component of the LISC Indianapolis Inclusive Economic Opportunity District program that provides matching grants to property and business owners that are interested in renovating the front of their commercial building.

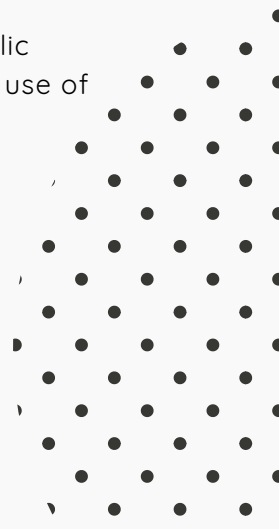

LISC Indianapolis has created this directory to serve as a resource for property and business owners that are seeking local minority-owned businesses to do construction and/or facade improvement work. We hope this will be helpful for you in search of local, minority-owned businesses to provide these services. If you would like to add your business to this directory, please contact Natalia Rodriguez-Hilt at [nrodriguezihilt@lisc.org](mailto:nrodriguezihilt@lisc.org).

For other types of minority-owned businesses, you can reference the [LISC Indianapolis Small Business Directory](#) that includes all small business grantees from 2020. You can also reference the [Latinx Business Directory](#) that was created in collaboration with La Plaza, Indy Chamber Hispanic Business Council, Central Indiana Community Foundation, Indiana Latino Expo, and the City of Indianapolis.

General Disclaimer: We do not endorse nor guarantee the services of the businesses listed in this directory. While the information will be updated periodically, we do not guarantee that the information is up-to-date or complete.
