LISC NY
Community Partner Convening
Fall 2022
Local Initiatives Support Corporation (LISC) is a national, nonprofit community development financial institution (CDFI) that equips underinvested communities with the capital, strategy, and technical know-how to become places where people with low- and moderate-incomes (LMI) can thrive.

LISC NY, LISC’s flagship New York City office, was created in 1980. Over the past 40 years, LISC NY has supported local partners whose services and programs aim to create a more equitable, inclusive, and sustainable New York City.

LISC NY believes that the time has come to forge a future for New York City that eradicates the racial wealth gap for good, protects affordable housing for LMI New Yorkers, and builds pathways of meaningful economic opportunity for all.
LISC NY Platform

LISC NY’s platform consists of three pillars that inform all of our programmatic and lending efforts.

|--------------------|-----------------------------------|---------------------------------|
| Examine and address underlying assumptions that perpetuate bias and bigotry through:  
• legislative and public policy advocacy; and  
• engagement with cultural institutions (for example, through community arts and placemaking efforts). | Prioritize targeted investments in:  
• public infrastructure;  
• human talent;  
• innovation;  
• diverse small businesses; and  
• impactful community organizations. | Explore and implement programs that support:  
• entrepreneurship;  
• ownership;  
• career ladders; and  
• financial mobility and wealth building in communities of color. |
LISC NY Statewide Approach

As LISC NY we will operate under one umbrella, consolidating our resources so we can maximize our statewide impact and ensure that no underserved community is left behind.
